

Thank you for purchasing the Traveler-ER USB drive. To use your new drive for the first time please refer to the following instructions:

1. Plug your new Traveler-ER into any of the USB ports on your computer.
2. Wait for your computer to find Traveler-ER (this may take a few moments) and then click "OK" to launch the program on your computer.
3. Click the "Launch" button now on your screen.
4. Read the information on the "Welcome to Traveler-ER" screen that is now on your computer monitor and follow those instructions.
5. Refer to the Help File for any additional questions.
